PERMIT APPLICATION PUBLIC NOTICE**

May 30, 2008

Permit Number: OCRM-08-858-G
Permit ID: 63132

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Philip J Wagner
21 Cameroon Drive
Lady's Island, SC 29907

LOCATION: On and adjacent to Broomfield Creek at 21 Cameroon Drive, Shammy Creek Subdivision, Lady's Island, Beaufort County, South Carolina.
TMS#: R200-009-00C-0026-0000.

WORK: The work, as proposed and shown on the attached plans, consists of constructing a private dock. Specifically, the structure will have a 12'x22' pierhead with water and electricity placed channelward of an existing timber bulkhead. Located channelward of the pierhead, a 4'x24' ramp will lead to a 10'x22' floating dock. Located between the pierhead and the float will be a 12'x14' four pile boatlift. The purpose of the dock is for the applicant's private recreational use. **This public notice is being readvertised due to size and configuration changes of the proposed dock.**

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before June 14, 2008. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.
